WELCOME TO TOURING ARTISTS!

The information portal for artists working internationally

provides comprehensive information on [visas and residence](#), [transport and customs](#), [taxes](#), [social security](#), [other insurances](#), and [copyright](#). The portal's focus is on visual arts and performing arts.

touring artists primarily maps the circumstances, legal regulations, and administrative procedures in Germany – for foreign artists who work here temporarily and for German artists or artists who live in Germany and who work abroad for a limited time.

What can you find here?

The portal offers a sound and easily comprehensible introduction to the topics mentioned above, presents checklists, references to further reading and contacts. A comprehensive [glossary](#), a [mobility library](#) with documents and research studies, a first overview of the [German cultural landscape](#) as well as a [database](#) of mobility-supporting programs in Germany complement the portal.

touring artists is not a platform that helps artists or organizers to get involved in co-productions, nor does it grant funding. It does not contain practical information about living in Germany, also it is not possible to present the framework conditions of artistic work in the various countries around the world

touring artists is unable to provide legally binding information; the complexity of the issues makes it necessary to consult with information providing authorities and (legal) advisors in complicated individual cases.

For individual questions though, the [free touring artists helpdesk service](#) is at your disposition.

More comprehensive information on the project touring artists you will find here: [What is touring artists?](#)

TOURING ARTISTS EXTRAS

Here you can exchange with others directly: Share your international work experiences, ask your questions, find answers.

Visit us on facebook and keep informed about our current events:
