Warning!

When we thought we had all the answers, suddenly they changed the questions

Cuando creíamos tener todas las respuestas, de pronto nos cambiaron las preguntas

Mario Benedetti (1920-2009)

- Cooperation and cohesion agendas might still shift considerably, as a reaction to the crisis
- Focus on common understanding of intentions
- Mechanics not 100% stable

3

- 1. Border closing to control the spread of the pandemic:**
 - Nationally-oriented control measures
- 2. Opening to essential services (and essential CBC):**
 - Many CB services, production, etc., depend on workforce, providers at the other side of the border
 - Awareness of CBC at all levels
- 3. CB coordination**

4

Growth, competitiveness, connectivity

- Common interest in **Smart specialisation strategies (RIS3)**; innovation
- Support to **internationalisation of SMEs**
- **e-government**: Joint e-government services across borders
- **Connectivity**: Missing links and improved cross border public transport services

5

Greener, low carbon economy

Climate change and risk management: Cross border preventive measures and joint emergency services

Biodiversity and joint management of nature protection

Energy transition: Potential for renewable energy

Circular economy: Shift towards recycling and preventive measures

6

Employment, education , health

Very important-Direct impact on citizens in border regions

Obstacles have big impact: Potential remains unused

Cross-border public services

Explore potential of e-Health and e-Education

Multi-lingualism

7

Better cooperation governance

New policy objective

- Reduce cross-border obstacles
- Trust-building measures, especially for citizens
- Institutional capacity building

Focus on identify obstacles/find solutions

Activities: Studies, cross-border data, pilot projects, expertise, experience and staff exchange, training, P2P, etc.

Conclusions

For the 2021-2025 period, the Commission has proposed re-focusing its narrative and actions along four main clusters – all of which would take account of the aftermath of the COVID-19 pandemic and the lessons learned from it -> Border regions need to become more resilient in their governance:

- **Public services in border regions:** Cross-border health care, public transport, joint digital services, rescue and emergency services
- **Green Deal implementation**
- **Labour market and education:** Labour mobility in all its dimensions (access to jobs, fight against brain drain, etc)
- **Institutional cooperation:** Governance of cross-border regions and their key services to citizens + integrated and comprehensive approach to security.
